We have high expectations of all and strive to provide a safe, challenging, exciting and stimulating environment. Our sports premium is used to help us help us further develop the thriving and diverse sports culture at our school and equip children with the skills, knowledge and experiences required to fulfil a balanced, active, healthy lifestyle as well as the competence to excel in a range of activities. Through the Sports Premium funding we ensure that all children, regardless of sporting ability, have access to a wide range of different activities and the opportunity to improve their own performance, achievements and skills and recognize their success. We closely monitor how we are spending the allocated funds to ensure they are having maximum impact on all pupils' achievement.
